

EUCALYPTUS AROMATHERAPY CANDLE

BY MICHELLE S.

INGREDIENTS:

 Available for purchase in the PureFormulas Store

- 1 cup soy wax
- 1 candle wick
- 1 jar
- 1 empty coffee can
- 5 drops eucalyptus oil 
- 10 drops citronella oil 

DIRECTIONS:

1. Wash and air-dry the empty coffee can.
2. Pour wax into the can.
3. Fill a pot with 1-2 inches of water. Place the coffee can with the wax into the water and let simmer over high heat. Reduce the heat and keep the water hot without bubbling.
4. Melt the wax by stirring it with a spoon or spatula. Allow the wax to melt completely.
5. Position a wick in the center of the jar. Carefully pour hot wax to a preferred level.
6. Add oil drops to the wax. *Use a pencil to wrap around the wick to help it stay in place.*
7. Allow the wax to cool and cut the wick when it's set!
